

Parents:

We would like to have a nice web site, so we want to be able to publish pictures of the club members in both individual and group activities. We would like all participants to be eligible to have their picture on our web site so we don't have to edit-out or exclude members from team photos, but we need your permission. Recognizing the sensitivity of people to children's pictures on the web, we've worded the paragraph below carefully. If you see any photo you object to, just let us know and we'll remove it. Please fill out the information and return to one of the coaches if you consent.

I hereby give the Andover Volleyball Club (AVC) permission to use my child's photograph on their web site (www.andovervolleyball.org) for the purpose of promoting the club. I understand that photographs will be used only for volleyball-related activities, and are to be shown without names. I reserve the right to request that any photos of my child be taken off the web site, and the AVC must comply.

Child's Name _____

Parent's Name (print) _____

Parent's Signature _____ Date: _____
